

**Where is God?**  
**I was told, as I find my being**  
**I will be judged and punished**  
**for all my sins**  
**Look at me**  
**I am aged, tired, bored of being**  
**Still keep doing sin after sin**  
**Yet no power has stopped me**  
**Then I wonder**  
**Where is the justice I was told**  
**would come, up on me?**
